Oscar Menéndez García

Senior Backend Engineer at empathy.co

Gijón, Principado de Asturias, España

Extracto

Senior Software Engineer with extensive experience in developing robust and scalable enterprise applications. Specializing in cloud-native microservices architectures using Java with Spring and Micronaut, with a strong focus on delivering high-quality solutions.

Technical Expertise:

- Languages and Frameworks: Java, Spring, Micronaut
- Databases: MongoDB
- Cloud Platforms: AWS, GCP (S3, Cloud Storage, SQS...)
- Containerization and Orchestration: Docker, Kubernetes, Helm
- CI/CD Tools: ArgoCD, Argo Workflows, Argo Rollouts, Jenkins, GitHub Actions
- Monitoring and Logging: Kibana, Elasticsearch
- Security: StackRox, Snyk for vulnerability analysis

Passionate about technological innovation and continuous learning, I constantly seek new ways to enhance software quality and development efficiency. My focus is on creating robust solutions that drive business success while maintaining the highest standards of security and performance.

Experiencia

Empathy.co

7 años

Senior Backend Software Engineer

abril de 2023 - Present (3 años 2 meses)

Gijón y alrededores, España

- Design and implementation of scalable microservices
- Performance optimization and efficiency in cloud environments
- Automation of CI/CD processes for rapid and reliable delivery
- Analysis and resolution of complex problems
- Effective collaboration in cross-functional teams

Backend Software Engineer

junio de 2019 - abril de 2023 (3 años 11 meses)

Gijón y alrededores, España

DXC Technology

Backend Engineer

septiembre de 2018 - abril de 2019 (8 meses)

Avilés y alrededores, España
